This enables the Group to make the management of each particular property more effective and optimised, as well as to focus better on appropriate tasks.

#### Management's objectives and its strategies

The Group "Baltic RE Group" holds a major portfolio of premium-class historic buildings in Old Riga, where the Group continuously invests in and which in addition were reconstructed according to the wishes of new tenants — the representatives of well-known brands. The Group buys historical buildings in Old Riga and nearby with a potential of transformation of the commercial area, renovates them, restoring the original appearance of the facade as far as possible and putting in order internal engineering networks to the full. It often happens that premises are reconstructed and improved in accordance with the tenants' individual needs.

One of the Group's operational principles is to preserve the importance of the building and to increase its value further on, which provides not only financial benefit for the Group, but contributes to the maintenance of the historical centre of Riga as well.

Legal address: 19 Skunu Street, Riga, LV-1050, Latvia

Unaudited condensed interim consolidated financial statements for the six months ended 30 June 2018

"Baltic RE Group" shareholders are confident that the historical centre of Riga has a high trading potential in the high street segment where the key shops and offices of this city are located. This is determined by a combination of historical sights of Riga, the street quality and the consumer purchasing power.

Currently, the Group is the largest lessor of all-purpose and high-quality commercial areas in Old Riga and close areas, with agreements concluded with such well-known companies and organisations as Norwegian Embassy, the Financial and Capital Market Commission, H & M Hennes & Mauritz LLC, Reserved (member of LPP Fashion Group that owns a fashion retail chain with over 1 600 stores across Europe), etc. At the moment of the release of the Management Report, the portfolio of the properties owned by the Group has 100% occupancy (leased out) of the surfaces currently in exploitation.

#### Group's operations during reporting period

Group's operations during the reporting period were focused on the expansion of courses of action, improvement of work organization, which provides stable and consistent operations across all the Group's business units and the necessary financial support to them. During the reporting period active work with the Group's clients was carried out, as well as successful actions were taken in the research, development and implementation of new activities.

The restrictions imposed on AS "ABLV Bank" by the Financial and Capital Market Commission and AS "ABLV Bank" notice on self-liquidation in February 2018 did not affect or did not indicate any uncertainty in the Parent company's and its subsidiaries' further economic activities, and they did not limit full execution of obligations undertaken with bonds issued by AS "Baltic RE Group" and listed on Nasdaq Riga Baltic Bond List.

AS "Baltic RE Group" and its subsidiaries used in total 8 current accounts in AS "ABLV Bank", and the total deposited amount did not exceed EUR 100 000 (limit of quaranteed compensation) at the moment of imposed restrictions, therefore these current account balances were fully protected by the Latvian deposit quarantee fund. In March 2018, balances of AS "Baltic RE Group" and its subsidiaries current accounts in AS "ABLV Bank" were transferred in full to Group companies' current accounts in other banks as a guaranteed compensation.

To secure day-to-day operations and to protect against any possible consequences in the ordinary management, AS "Baltic RE Group" and its subsidiaries are currently using their current accounts in other commercial banks in Latvia. On 19 February 2018 AS "Baltic RE Group" received official permission from AS "ABLV Bank" to use accounts in other Latvian credit institutions without any restrictions. The Group companies issued notices to their tenants about additional bank accounts active for payments and settlements and the activities and cash flows of the Group companies haven't suspended, as well as Group companies haven't stopped or suspended payment of its liabilities. The Parent company continues to fulfil its obligations to AS "ABLV Bank" and in 2018 makes loan repayment according to loan repayment schedule. The situation with AS "ABLV Bank" did not cause any negative economic / financial effects for AS "Baltic RE Group" and its subsidiaries, nor did it cause operational difficulties.

The Group's revenue for the six months ended 30 June 2018 is EUR 2 699 685, which increased by 16.8% comparing with the six months ended 30 June 2017. The Group ended the reporting period with a profit of EUR 228 498 respectively. The Group's equity as at 30 June 2018 is positive and amounts to EUR 21 273 058.

Noncurrent liabilities comprise 55% (EUR 33 942 124) of the condensed interim consolidated statement of financial position total, while current liabilities comprise 11% (EUR 6 676 015).

The analysis of the Group's condensed interim consolidated statement of comprehensive income shows, that the revenue of the Group for the six months ended 30 June 2018 is EUR 2 699 685, the cost of sales is EUR 606 323, depreciation of investment property is EUR 691 239, so that the gross profit amounts to EUR 1 402 123 and net profit amounts to EUR 228 498. The Group's management monitors the external factors affecting the Group's activities and takes the necessary measures to optimize the Group's operations and development.

Calculation of financial results

**Liquidity** (Group's paying capacity – Group's ability to cover its current liabilities):

Total liquidity ratio = 0.29 - the ratio has decreased, comparing with six months ended 30 June 2017 (2.86); this difference is mainly due to the transfers performed by shareholders for the future share capital increase, that are temporary registered as debt (current liabilities) and shall become an equity when transformed on share capital (see also Note 8).

Legal address: 19 Skunu Street, Riga, LV-1050, Latvia

Unaudited condensed interim consolidated financial statements for the six months ended 30 June 2018

**Solvency** (Group's ability to cover non-current and current liabilities):

Debt to assets ratio = 0.66 - the ratio has slightly increased, comparing with six months ended 30 June 2017 (0.62).

Financial performance indicators show that the Group is able to settle its obligations, as well as the fact that the Group has sufficient material provision for the further development of business.

#### Use of the financial instruments and financial risk factors

The Group's principal financial liabilities comprise loan from credit institution, bonds issued, trade and other payables. The main purpose of these financial liabilities is to finance the Group's operations. The Group's principal financial assets include loans, trade and other receivables and cash that arrive directly from its operations.

# Financial risk management

The risk management function within the Group is carried out in respect of financial risks. Financial risks are risks arising from financial instruments to which the Group is exposed during or at the end of the reporting period. The main financial risks arising from the Group's financial instruments are credit risk and liquidity risk. The Group's top management oversees the management of these risks. The primary objectives of the financial risk management function are to establish risk limits, and then ensure that exposure to risks stays within these limits. We remark that following a prudential policy carried out in 2017 interest rate risk is not affecting the Group as both the interest rate of the portfolio loan and the bonds are fixed.

## **Development of the Group and future prospects**

For the year 2018 the Board of AS "Baltic RE Group" is planning the further activities of development of new real estate research and optimization and development of current business activities. In 2018 the Group's subsidiaries do not intend to change their core business activity. It is planned to strengthen the activity with loyal customers and reliable partners; continuously improve the quality management system, as well as to find new customers and increase sales, the Group plans to optimize costs. The Group is focused and ready to get opportunities which shall appear on the market, to further invest in landmark properties consistent with the unparalleled quality of the existing portfolio.

#### **Subsequent events**

During the period from the last day of the reporting period to the date of signature of this report, there were no material events requiring adjustment of or disclosure in the financial statements or notes there to.

#### Notes to the Condensed Interim Consolidated Financial Statements

#### 1. General information

AS "Baltic RE Group" (hereinafter - the Parent company) is a stock corporation, which was registered in the Register of Enterprises of the Republic of Latvia on 2 October 2013. The legal address of AS "Baltic RE Group" is 19 Skunu Street, Riga, LV-1050, Latvia.

Core business activity of the Parent company is management of the Group "Baltic RE Group", which includes AS "Baltic RE Group" and its subsidiaries (hereinafter – the Group) and strategic development of subsidiaries.

The Group holds a major portfolio of premium-class historic buildings in Old Riga and nearby. The Group's structure provides for each of the Group's subsidiaries to undertake specific building lease / rental services, as well as provide real estate management and maintenance.

AS "Baltic RE Group" issued bonds are listed on the stock exchange Nasdaq Riga Baltic Bond List.

These unaudited condensed interim consolidated financial statements for the six months ended 30 June 2018 were authorised for issue by a resolution of the AS "Baltic RE Group" Board on 31 August 2018.

# 2. Basis of preparation

These condensed interim consolidated financial statements for the six months ended 30 June 2018 have been prepared in accordance with International Accounting Standard (IAS) 34 Interim financial reporting as adopted by the European Union (EU).

The condensed interim financial statements should be read in conjunction with the consolidated annual report for the year ended 31 December 2017, which has been prepared in accordance with International Financial Reporting Standards (IFRS) as adopted by the European Union. They do not include all of the information required for a complete set of financial statements prepared in accordance with IFRS as adopted by the EU. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance since the last financial statements.

The financial statements are presented in Euro (EUR), the monetary unit of the Republic of Latvia.

These condensed interim consolidated financial statements for the six months ended 30 June 2018 comprise the financial statements of AS "Baltic RE Group" and entities controlled by the Parent company (its subsidiaries). Information on consolidation group structure is provided in Note 6.

# 3. Changes in accounting policy and disclosures

The accounting policies adopted are consistent with those of the previous financial year.

# New and revised IFRSs and interpretations adopted by the Group

The following new and amended IFRSs as adopted by the EU became effective in 2018, but did not have significant impact on these consolidated financial statements of the Group:

- 1) New standards and interpretations
  - IFRS 9 Financial Instruments (issued on 24 July 2014) (effective for annual periods beginning on or after 1 January 2018).

IFRS 9 Financial Instruments replaces IAS 39 Financial Instruments: Recognition and Measurement and all previous versions of IFRS 9. IFRS 9 brings together all three aspects of the accounting for financial instruments project:

- classification and measurement of financial assets and financial liabilities;
- impairment methodology and
- general hedge accounting.

The impairment model in IFRS 9 replaces the "incurred loss" model in IAS 39 with an "expected credit loss" model, which means that a loss event will no longer need to occur before an impairment allowance is recognised.

Registration number: 40103716434

Legal address: 19 Skunu Street, Riga, LV-1050, Latvia

Unaudited condensed interim consolidated financial statements for the six months ended 30 June 2018

Except for hedge accounting, retrospective application is required but providing comparative information is not compulsory. For hedge accounting, the requirements are generally applied prospectively, with some limited exceptions.

The Group has reviewed its financial assets and liabilities and IFRS 9 does not have a material impact on the financial statements. The classification and measurement of the Group's financial instruments has not changed under IFRS 9 because of the nature of the Group's operations and the types of financial instruments that it holds. The Group's financial assets are measured at amortised cost, which meet the conditions for classification at amortised cost under IFRS 9. There is no impact on the Group's accounting for financial liabilities, as the new requirements only affect the accounting for financial liabilities that are designated at fair value through profit or loss and the group does not have any such liabilities. The derecognition rules have been transferred from IAS 39 Financial Instruments: Recognition and Measurement and have not been changed.

The new impairment model - "expected credit loss" model - applies to financial assets classified at amortised cost, debt instruments measured at FVOCI, contract assets under IFRS 15 Revenue from Contracts with Customers, lease receivables, loan commitments and certain financial guarantee contracts. Based on the assessments undertaken to date, the Group expects a small increase in the loss allowance for trade receivables by approximately 5%.

The new standard also introduces expanded disclosure requirements and changes in presentation. These are expected to change the nature and extent of the Group's disclosures about its financial instruments particularly in the year of the adoption of the new standard.

IFRS 15 Revenue from Contracts with Customers (issued on 28 May 2014) including amendments to IFRS 15: Effective date of IFRS 15 (issued on 11 September 2015) (effective for annual periods beginning on or after 1 January 2018).

IFRS 15 establishes a five-step model to account for revenue arising from contracts with customers. Under IFRS 15 revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The new revenue standard will supersede all current revenue recognition requirements under IFRS.

The new model specifies that revenue should be recognised when (or as) a company transfers control of goods or services to a customer at the amount to which the company expects to be entitled. Depending on whether certain criteria are met, revenue is recognised:

- over time, in a manner that depicts the Group's performance; or
- at a point in time, when control of the goods or services is transferred to the customer.

IFRS 15 also establishes the principles that a Group shall apply to provide qualitative and quantitative disclosures which provide useful information to users of consolidated financial statements about the nature, amount, timing, and uncertainty of revenue and cash flows arising from a contract with a customer.

IFRS 15, when initially applied, did not have material impact on the Group's consolidated financial statements. The timing and measurement of the Group's revenues have not changed under IFRS 15 because of the nature of the Group's operations and the types of revenues it earns.

IFRIC 22 Foreign Currency Transactions and Advance Consideration (issued on 8 December 2016) (effective for annual periods beginning on or after 1 January 2018).

#### 2) Amendments:

- Amendments to IAS 40: Transfers of Investment Property (issued on 8 December 2016) (effective for annual periods beginning on or after 1 January 2018).
- Amendments to IFRS 2: Classification and Measurement of Share-based Payment Transactions (issued on 20 June 2016) (effective for annual periods beginning on or after 1 January 2018).
- Amendments to IFRS 4: Applying IFRS 9 Financial Instruments with IFRS 4 Insurance Contracts (issued on 12 September 2016) (effective for annual periods beginning on or after 1 January 2018 or when IFRS 9 Financial Instruments is applied for the first time).
- Annual Improvements to IFRS Standards 2014-2016 Cycle (issued on 8 December 2016) (amendments to IFRS 1, IAS 28 effective for annual periods beginning on or after 1 January 2018).

#### 3) Clarifications:

• Clarifications to IFRS 15 Revenue from Contracts with Customers (issued on 12 April 2016) (effective for annual periods beginning on or after 1 January 2018).

#### New and revised IFRSs and interpretations issued and adopted by the EU, but not yet effective

The standards that are issued, but not yet effective up to the date of issuance of the Group's condensed interim consolidated financial statements are disclosed below. The Group intends to adopt these standards, if applicable, when they become effective, and the Group's assessment of the potential impact of these standards on the financial statements is set out below:

#### 1) New standards and interpretations:

 IFRS 16 Leases (issued on 13 January 2016) (effective for annual periods beginning on or after 1 January 2019).

IFRS 16 supersedes IAS 17 Leases and related interpretations. The standard eliminates the current dual accounting model for lessees and instead requires companies to bring most leases on-balance sheet under a single model, eliminating the distinction between operating and finance leases.

Under IFRS 16, a contract is, or contains, a lease if it conveys the right to control the use of an identified asset for a period of time in exchange for consideration. For such contracts, the new model requires a lessee to recognise a right-of-use asset and a lease liability. The right-of-use asset is depreciated and the liability accrues interest. This will result in a front-loaded pattern of expense for most leases, even when the lessee pays constant annual rentals.

IFRS 16 introduces a number of limited scope exceptions for lessees which include:

- leases with a lease term of 12 months or less and containing no purchase options, and
- leases where the underlying asset has a low value ("small-ticket" leases).

It is expected that the new standard, when initially applied, will not have material impact on the Group's consolidated financial statements, since lessor accounting shall remain largely unaffected by the introduction of the new standard and the distinction between operating and finance leases will be retained. The Group has not yet prepared an analysis of the expected quantitative impact of the new standard.

# 2) Amendments:

 Amendments to IFRS 9: Prepayment Features with Negative Compensation (issued on 12 October 2017) (effective for annual periods beginning on or after 1 January 2019).

# New and revised IFRSs and interpretations issued, but not yet adopted by the EU

# 1) New standards and interpretations:

- IFRS 14 Regulatory Deferral Accounts (issued on 30 January 2014) (effective for annual periods beginning on or after 1 January 2016) the European Commission has decided not to launch the endorsement process of this interim standard and to wait for the final standard.
- IFRS 17 Insurance Contracts (issued on 18 May 2017) (effective for annual periods beginning on or after 1 January 2021).
- IFRIC 23 Uncertainty over Income Tax Treatments (issued on 7 June 2017) (effective for annual periods beginning on or after 1 January 2019).

#### 2) Amendments:

- Amendments to IAS 28: Long-term Interests in Associates and Joint Ventures (issued on 12 October 2017) (effective for annual periods beginning on or after 1 January 2019).
- Annual Improvements to IFRS Standards 2015-2017 Cycle (issued on 12 December 2017) (effective for annual periods beginning on or after 1 January 2019).
- Amendments to IAS 19: Plan Amendment, Curtailment or Settlement (issued on 7 February 2018) (effective for annual periods beginning on or after 1 January 2019).
- Amendments to References to the Conceptual Framework in IFRS Standards (issued on 29 March 2018) (effective for annual periods beginning on or after 1 January 2020).

# 4. Accounting judgments, estimates and assumptions

The preparation of interim consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities.

In preparing these condensed interim consolidated financial statements, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements for the year ended 31 December 2017.

# 5. Financial risk management and Financial instruments

#### 5.1. Financial risk factors

#### Financial risks

The main financial risks arising from the Group's financial instruments are interest rate risk, credit risk and liquidity risk.

The condensed interim consolidated financial statements do not include all financial risk management information and disclosures required in the annual financial statements; they should be read in conjunction with the Group's annual financial statements as at 31 December 2017.

There have been no changes in the risk management or in any risk management policies since the year end.

#### 5.2. Fair value estimation

The Group has financial instruments which are not measured at fair value in the statement of financial position. For these financial instruments, the fair values are not materially different to their carrying amounts, since the interest payable is close to current market rates.

The fair value of the following financial assets and liabilities approximate their carrying amount:

- trade and other receivables;
- other current financial assets;
- cash and cash equivalents;
- trade and other payables.

# Fair value of financial liabilities measured at amortised cost

## <sup>1</sup> Loan agreement with credit institution

In June 2017 the Parent company concluded an addendum to the existing portfolio loan agreement with AS "ABLV Bank" for increasing the loan amount to EUR 31 000 000. The new loan was negotiated following the acquisition of 91.11% of SIA "TER Properties" share capital, which through its wholly-owned subsidiary owns real estate at Brivibas boulevard 21, Riga.

With the aim of better financial efficiency, the loan for the purchase and renovation of the property at Brivibas boulevard 21, Riga was therefore included in the existing loan, which was then transformed into a new fixed rate 3.10% loan (previous interest rate: 2.25% + 3M EURIBOR) with the total amount increased up to EUR 31 000 000 and loan repayment term until 30 June 2022. With the additional loan received from the credit institution, the Parent company has fully refinanced the new subsidiary SIA "TER Properties".

#### Covenants

The loan agreement concluded between the Parent company and the credit institution contains several conditions that the Parent company has to fulfil, including financial covenants. Once a quarter, the Parent company has to report to the credit institution on the fulfilment of these conditions. As at the end of the reporting period the Parent company met financial conditions that were set.

The terms of the loan agreement also prohibit the Parent company from paying dividends without the written consent of the credit institution, with the exception of distribution of dividends provided that Debt Service Coverage Ratio (DSCR) according to audited annual financial statements is not less than 1.25 and all provisions of the loan agreement are fulfilled.

#### Mortgage on real estate

According to the loan agreement with the credit institution, the Parent company's obligations against the credit institution are secured by a mortgage on real estate owned by the Group companies – AS "Baltic RE Group", SIA "KEY 1", SIA "KEY 2", SIA "KEY 6", SIA "Key 15", SIA "Skunu 19", SIA "BB 21".

#### Pledges

According to the loan agreement with the credit institution, the Parent company's obligations against the credit institution are secured by a pledge on Group companies – AS "Baltic RE Group", SIA "KEY 1", SIA "Key 2", SIA "KEY 6", SIA "Key 15", SIA "Skunu 19", SIA "BB 21" as assets in aggregate; AS "Baltic RE Group" shares owned in SIA "KEY 1", SIA "KEY 6", SIA "Key 15" and SIA "Skunu 19"; SIA "KEY 1" shares owned in SIA "Key 15"; SIA "KEY 6" shares owned in SIA "Key 2"; SIA "Skunu 19" shares owned in SIA "KEY 1" and SIA "KEY 6"; SIA "TER Properties" shares owned in SIA "BB 21". Maximum claim amount is EUR 40 300 000.

#### Guarantees

According to the loan agreement with the credit institution, the Parent company's obligations against the credit institution are secured by the Group companies' - SIA "KEY 1", SIA "Key 2", SIA "KEY 6", SIA "Key 15", SIA "Skunu 19", SIA "BB 21" guarantees.

#### Financial pledge

According to the loan agreement with the credit institution, the Parent company's obligations against the credit institution are secured by financial pledge on all Parent company's deposits with the credit institution and all funds.

# <sup>2</sup> Bonds issued

The Parent company AS "Baltic RE Group" issued bonds are listed on a regulated market - the stock exchange Nasdaq Riga Baltic Bond List starting from 12 December 2016. The Parent company AS "Baltic RE Group" issued 4 000 bonds with a face value of a single bond of EUR 1 000 and the fixed interest rate of 6.15% with coupon payment twice a year. Bond redemption date is 12 December 2020. The Parent company is entitled to redeem the bonds prematurely. On the date of bond issue financial liabilities were valued at their fair value, net of directly attributable transaction costs.

# Ensuring the Group's activities in relation to the situation with AS "ABLV Bank"

The restrictions imposed on AS "ABLV Bank" by the Financial and Capital Market Commission and AS "ABLV Bank" notice on self-liquidation in February 2018 did not affect or did not indicate any uncertainty in the Parent company's and its subsidiaries' further economic activities, and they did not limit full execution of obligations undertaken with bonds issued by AS "Baltic RE Group" and listed on Nasdaq Riga Baltic Bond List.

AS "Baltic RE Group" and its subsidiaries used in total 8 current accounts in AS "ABLV Bank", and the total deposited amount did not exceed EUR 100 000 (limit of guaranteed compensation) at the moment of imposed restrictions, therefore these current account balances were fully protected by the Latvian deposit guarantee fund. In March 2018, balances of AS "Baltic RE Group" and its subsidiaries current accounts in AS "ABLV Bank" were transferred in full to Group companies' current accounts in other banks as a guaranteed compensation.

To secure day-to-day operations and to protect against any possible consequences in the ordinary management, AS "Baltic RE Group" and its subsidiaries are currently using their current accounts in other commercial banks in Latvia. On 19 February 2018 AS "Baltic RE Group" received official permission from AS "ABLV Bank" to use accounts in other Latvian credit institutions without any restrictions. The Group companies issued notices to their tenants about additional bank accounts active for payments and settlements and the activities and cash flows of the Group companies haven't suspended, as well as Group companies haven't stopped or suspended payment of its liabilities. The Parent company continues to fulfil its obligations to AS "ABLV Bank" and in 2018 makes loan repayment according to loan repayment schedule.

# 10. Events after the reporting period

During the period from the last day of the reporting period to the date of signature of these condensed interim consolidated financial statements, there were no material events requiring adjustment of or disclosure in the financial statements or notes there to.
